# River curviness

## Pampanga River Delta

Pampanga river is the 2nd largest river in Luzon. It receives almost a third of all rainwater coming from the mountain slopes of the surrounding region.

This delta is the main outlet of the river. It is low lying and shallow.

# Multilingual map of India

The map displays India with city names in English and other languages. For example, Delhi is labeled 'Delhi' in English and 'दिल्ली' in Hindi. Other cities shown include Mumbai, Kolkata, Chennai, and many others. The map also shows neighboring countries like Pakistan, Afghanistan, Nepal, and Bangladesh. The interface at the bottom includes a language selector with options for English, Malayalam, Kannada, Telugu, Tamil, Hindi, and Bengali.
